Cindy,

I will look into this and get back to you.

Information management team: I have not been involved in response from the beginning that crosses Regional Boundaries. Can one of you respond back to all with the answer to Cindy's questions. Thanks in advance.

Very respectfully,

**Subject:** Question

**Hi Dwayne, I have a quick question. Late Friday afternoon, Headquarters decided that for the Gold King Mine Spill we (the Nation) should all use the very same site id.**

**A8K9RV00. Do you know if we will be able to enter documents into SEMS under the org code 06L SSID A8K9RV00, since it's a region 8 site? Also will we be able to access the site documents from the site, or just from our region?**

**I'm in the REOC at 214-665-9705.**
